

Asia

Nemko offers a variety of national certifications in Asia through our International Approval scheme. This covers mandatory national certification as well as voluntary certifications intended to demonstrate that your product has third-party confirmation. Experience shows this may help you access the markets you want.

These are some of the countries covered by Nemko:

- China
- Taiwan
- Korea
- Japan
- Malaysia
- Cambodia

Each market and each industry have specific requirements and preferences. Use Nemko's variety of certifications to demonstrate compliance.

For further information please see the Nemko's [International Approval service page](#) [1]
