

Children's Drawing Contest

Thursday, January 30, 2020

The contest is held to give an opportunity for children of the future generation to become more aware of their global environment. This years contest theme is "**Our Earth in 2030**" and the following sentences describe what the children should have in mind when creating the drawing:

When you grow up, what kind of natural environment would you like to live in?

It's not only humans that are living on the Earth.

We share this planet with animals, birds, fish, insects, trees and plants.

Think of an Earth where all creatures can live together, and draw a picture from your imagination.

Registration deadline is **29 May**. 48 winners will receive special memorabilia and all entrants will receive a participation prize.
